Rally is a team sport. The handler and the dog navigate a course, side by side, as the handler steers the dog through a course of ten to twenty different signs. Each sign instructs the handler the next skill that needs to be performed. Each performance is timed, but having good race time is not the goal. Working as a team while performing the skills with the dog under control is the goal.

Don't own a dog? No problem!

A participation activity that allows members to learn more information about dogs in a quiz bowl atmosphere. Dog Quiz Bowl enables 4-H members to be more involved in the Dog Project and learn more about total dog care. 4-H Dog Project members without a dog are able to participate. Participants are able to join a county team that practices and competes at the State Dog Show.

Hanging out in the 4-H Dog Project pack allows youth to:

- * Attend meetings to explore a shared passion for dogs
- * Make friends while developing important life skills
- * Have FUN!
