## Holiday Routines

I like my routines. They have sustained a level of functionality for my household, my person, and my parenting. But goodness me, try and change one of those routines on the fly - like blocking off the laundry room with a piece of moved furniture for an evening because we needed to paint a wall - and my whole calibration system is so OFF it will take me days to recover.

That can't be a good way to handle things. I bet it feels that way with our kids too. Only some of them can't recognize it in themselves or even state what's off. Therefore we just witness the crankiness, restlessness, irritating life force that is an angsty child. The holidays don't provide stability for our lives, that we know for certain. And now that we are ramping up our more traditional schedules, this year can be exceptionally hard on kids of all ages (including me and possibly you, too!)

Not to throw more tools for your parenting toolbox, but here we go again. This article from PBS Kids "5 Ways to Help Kids Be Flexible When Plans Change" (<https://tinyurl.com/32ryt9y7>) - though written this summer - is a great general practice for any time in the year when things get a little chaotic for any person, regardless of age. So that, hopefully, these little efforts of resilience will help you and your loved ones survive the holidays with less burnout and more joy!

Have a wonderful season everyone. See you next year! (har har)

Youth Organizations stick together in La Crosse. And the BGC and District of La Crosse is looking for morning drivers to get over 90 homeless youth to school. This is a paid position, and the shift starts at 6:30am. They need someone consistent who is 21 or older. If you or someone you know needs some part-time work, and wants to do something good for the community, please reach out to Andy Kiel at [andy.kiel@bgclax.org](mailto:andy.kiel@bgclax.org).

## Wild Fridays: Nature & Art Play

**Meets:** Fridays 9:30 AM - Noon

This outdoor education program offers youth ages 5-11 the chance to combine nature exploration and creative expression. We will explore natural materials, scientific observations and artmaking. This program is held entirely outdoors on the trail, so dress warm with snow pants and winter gear. During the winter months we focus more on large motor skills like building forts and shelters and making land art and creative play. Nature journaling is a core part of the experience and all sketching materials are provided. Bring a warm beverage and a snack. Caregivers are welcome to stay but not required.

## COVID-19 Update

COVID-19 continues to affect Wisconsin, with much of the state facing high or substantial community outbreaks of the Delta variant. 4-H is focused on health while staying the course to provide youth development and educational opportunities. We continue to offer in-person programming without restrictions on group size.

If you live in a county with substantial transmission, please wear face masks indoors to reduce the chances of spreading or catching the virus. We have learned from the science that most outdoor environments do not require masks for anyone, vaccinated or not.

We have new information on our 4-H COVID web page to reinforce 4-H health guidance and link you to trustworthy resources about vaccination. (<https://4h.extension.wisc.edu/wisconsin-4-h-covid-19-policy/>)

## 4-H Movement Yard Signs

We still have quite a few yard signs available for anyone wishing to share their love of 4-H with the community. The QR code on each sign brings people to our local county website. All yard signs are free, just stop by our office to pick yours up!

## La Crosse Scavenger Hunt

It's History Mystery Cache Time! I put together a program in a box, so to speak. One booklet that will get your family out of the house and on an

adventure. This year, we learn about Eloise, who while visiting her grandmother in La Crosse in 1922, loses her grandmother's heirloom bracelet. She never found it, but we can! Read about our local history, follow the clues to get the coordinates, and find the bracelet!

This is an absolutely free program. Books are available in the La Crosse Public Library starting October 15th (and upon request, I can email it to you too). This adventure is self-paced, and while it's geared for youth in 3rd grade and up, there is fun for the whole family. If you have any questions, feel free to reach out to me - [emily.crook@wisc.edu](mailto:emily.crook@wisc.edu). This is a great 4-H activity to do with a friend who isn't in 4-H yet - bring them along!

## Pump House Art

Reminder to pick up any art left at our office from the Pump House Exhibitions or we will keep it for display in our office!

It's time to learn proper dining etiquette - a dying skill. We will dine on soup or salad, 3 possible menu options (your choice of course, but it's all a giant secret so you can be as anxious and awkward as possible), and dessert. You'll have to work together as a team to decide on an appetizer. How do you ask for dietary needs without coming off offensive? I still haven't figured this one out. So we will learn!

## Citizen Washington Focus 2022

Citizenship Washington Focus, or CWF for short, is the premier week long 4-H citizenship and leadership experience. CWF brings 4-H delegations from all over the country to stay in the National 4-H Conference Center in Chevy Chase, Maryland, right outside our Nation's Capital! Participants learn about the roles of Senators and Representatives in the United States' government and how these parts work together to form an effective Congress. Additionally, youth get to see and experience government in action by meeting with their State's members of Congress and watching a House of Representatives meeting.

*2022 Tentative Schedule available at a later date*

Around 100 Wisconsin 4-H'ers attend this leadership program sponsored by National 4-H Council. Delegates choose which week to attend. Held at the National 4-H Center in Chevy Chase, Maryland.

### Participants:

- Learn the importance of civic and social responsibilities relating to the development of better citizens and leaders
- Be inspired by speakers
- Participate in workshops, committee work, field trips and social events

### Participants are:

- 4-H members in 10th-12th grade at selection; minimum age 15 during experience.
- Delegates register through 4HOnline.
- Delegates carry county approval through the experience.
- Delegates must not have attended CWF in the past.

### Costs:

- Cost is approximately \$1,750. Fees vary due to travel costs.
- The Wisconsin 4-H Foundation sponsors a portion of the cost.
- Many county 4-H Youth Development programs provide partial sponsorships: La Crosse County participants are eligible for a 75% scholarship (\$1,300)
- The remaining amount is the delegate and his/her family's responsibility.

### Costs:

- Register through 4-H Online and give us a heads up that you registered by emailing [Lacrossecounty4h@lacrossecounty.org](mailto:Lacrossecounty4h@lacrossecounty.org). We'll start the process for scholarship and selection!

If you haven't been invited to a club meeting yet, please reach out to our office at [lacrossecounty4h@lacrossecounty.org](mailto:lacrossecounty4h@lacrossecounty.org).

### WORDS

Did you know 4-H educators strive to write at a 5th grade level so everyone can understand us? It's SO hard to do. Also, we're a government organization, housed in a land-grant institution - what does all that even mean? It means that at times, I have to translate really heady educational language (models, theories) and governmental language (policies, outcomes) into every day language, and sometimes I'm not good at it, but I'm always working on it!

In 4-H we have a lot of words we toss around that can mean different things for different events and that can get massively confusing. Let's clear it up a bit!

### AT THE MEETING

Jot down what terms you might be confused about. There are probably stories attached to them that need a lot of explanation! Do not hesitate to ask someone for more background on those terms. Each club has their own history and traditions and as you start to belong you'll understand more and more. However, clubs love sharing their stories, but it might not occur to them when they are necessary.

Reach out to your club's secretary, president or adult leader to help you understand those terms and stories!

### COUNTY COMMUNICATIONS

There will be terms in the Cloverline that you don't understand - please email me at [emily.crook@wisc.edu](mailto:emily.crook@wisc.edu) those terms! I want to know so I can give more clarity. Also - the email this month will focus on general 4-H terms to help you flex that vocabulary.

We want everyone to be on the same page as much as possible here. So do let us know if you need assistance!

More details about specific 4-H projects and statewide project learning opportunities can be found on our state website: <https://4h.extension.wisc.edu/opportunities/projects/>.
