## The Internal Dialogue

How often do you beat yourself up? And why do we all do this - is this the midwest way?

First of all - we're born to make mistakes. Constantly. I tend to not like people until I know they've suffered or failed in some way. It's like a sorry rite of passage. Do you sneeze rainbows? No thanks - you're more likeable if you're relatable and I cannot sneeze a rainbow for the life of me (nor can most of the people I know).

If you don't ask for help, you don't give people the grand opportunity to feel good for giving you help. You are actively depriving someone of something good AND making your life harder. For what purpose? To prove that you have resilience? Trust me, life will give you other lessons for that. Just ask for help. Most people around here want to be needed in that way anyway.

And stop telling yourself you're the worst. You would never tell that to a friend. What would your friend say to you after you made that mistake? Maybe make your internal language more... friendly.

Parents - It's time to exercise our self-compassion - because if we don't, our kids will grow up shaming themselves, too, and studies show ([https://greatergood.berkeley.edu/article/item/self\\_compassion\\_for\\_parents](https://greatergood.berkeley.edu/article/item/self_compassion_for_parents)) - those with self-compassion end up parenting more mindfully with more patience and less stress. Imagine that.

You're good enough.

## YQCA Training

Anyone planning on auctioning swine, sheep or beef this summer at the La Crosse Interstate Fair (our county fair!) needs to complete the 2022 Youth for the Quality Care of Animals (YQCA) training. It's a national multi-species quality assurance program for youth ages 8 to 21 with a focus on three core pillars: food safety, animal well-being, and character development. Every year the course is a little different, but it is solid quality education from some serious organizations. And this year, the La Crosse Youth Livestock Committee is requiring all youth in livestock projects who plan to auction this summer to complete this training. A special note: this is only for youth who plan to participate in the auction. It's not required of any goat exhibits.

- Online training: Costs \$12 and is available right at this very moment.
- In person training: Costs \$3 next date is: **Monday, March 7th, 2022, 6:30 p.m. at the County Admin Center** (212 6th St N, La Crosse)
- Both training versions require pre-payment online ([yqca.org](http://yqca.org)) and the La Crosse 4-H Leader's Association will reimburse \$3/youth when they receive a copy of the completion certificate.

When you complete your training online, YOU need to save a copy of your certification and email it to [lacroseyouthlivestock@gmail.com](mailto:lacroseyouthlivestock@gmail.com) (and if you request reimbursement, please email it to [lacrosecounty4h@lacrosecounty.org](mailto:lacrosecounty4h@lacrosecounty.org) as well). Any questions? Feel free to reach out to us: 608-785-9593 or either the emails above.

## What is it?

**FAIR 2022: July 20-24th**

Don't forget to double check that the projects you enrolled in under 4HOnline are going to correspond with the departments you hope to exhibit in at the fair. This can be confusing to people, so please don't hesitate to reach out: [lacrossecounty4h@lacrossecounty.org](mailto:lacrossecounty4h@lacrossecounty.org). You may not be able to change your projects in 4HOnline, but I can! Just send us an email with the list and who it belongs to and we will get it updated. All projects and enrollments need to be finalized by April 1, 2022.

## FAIR CLERKS NEEDED

What do fair clerks do you ask? They help the judge of each department keep thoughts and exhibits organized. They write down who receives what ribbons, merit awards, and general feedback if necessary. It's a great way for kids to learn more about the fair process, and get some volunteer experience. If youth or adults are considering other positions at the fair like being a superintendent or a judge - this is a great way to start! If interested, email Carlie Scriver at [carlie.scriver@yahoo.com](mailto:carlie.scriver@yahoo.com).

## 2021-2022 ENROLLMENT DEADLINE

If you want to exhibit at the La Crosse Interstate Fair:

**ENROLL BY APRIL 1ST IN 4HONLINE.**

PROJECT SELECTION DEADLINE: APRIL 1ST.

Have problems enrolling? Need to add some projects but can't? Just reach out to us at [lacrossecounty4h@lacrossecounty.org](mailto:lacrossecounty4h@lacrossecounty.org). We will help with any issues. April 1st is a Friday. Please be kind and get this done well in advance so that if issues arise there is time to take care of them. Visit our site: [lacrossecounty4h.org](http://lacrossecounty4h.org) and get that done NOW!

## Outdoor Opportunities

Open to all 4-H families and Clubs! With so many outdoor activities and opportunities that come and go quickly, the Eco-Wilderness group has created an ongoing document of opportunities for everyone to participate in! Visit here to see what your family or your club can do to get outside and get involved: <https://tinyurl.com/EcoOpps4h>. Be sure to bookmark this because it promises to be hopping!

Upcoming opportunities include: Wildlife & Forestry Contest; Nature hike at Coulee Experimental Forest; Fossil Walk; Earth Fair at Myrick Park; Wildflower and Bird Walk at FSPA!

## Brain ReFrame

Starting March 14, 2022, 5th-8th graders across the state will learn how their brains work and how to get it functioning at its best. You want to get in on that.

This series will meet weekly for 10 sessions on Mondays from 7:15-8:00pm to help reframe our brains and learn social-emotional skills.

Based on the MindUP curriculum, educators across the state are ready to help youth explore the biological framework of their brains, how external forces can shape their minds, but most importantly how kids can shape their own minds themselves.

This is a great series for those interested in shaping their own destinies, those struggling with understanding themselves, or those worried about the next thing.

To sign up - 4H members can log into 4HOnline and sign up in your events list. For other community members, follow the instructions here: <https://4h.extension.wisc.edu/4h-resources/how-to-register-for-an-event/> to help you register.

Registration is open until it fills at 40 participants - so sign up today!

## Wildlife & Woods Series

Wildlife and Woods is Wisconsin 4-H's statewide natural sciences, wildlife, and forestry virtual event! Outdoor enthusiasts get to connect with other 4-H youth grades 3-13 from around the state. Together, we explore the natural world with a special focus on wildlife, wildlife habitats, and forests. Participants learn about wild places across the United States following the 4-H Wildlife Habitat Education Program (WHEP) and the 4-H Forestry Program. Each month focuses on a different habitat, some of its plants and critters. Materials are designed for all ages and knowledge levels, so everyone can benefit. Sessions will run from 7-8pm on the third Wednesdays of the month through April. Register today through 4HOnline!

The poster features the title "Wildlife & Woods SERIES" in a mix of cursive and bold sans-serif fonts. Below the title, the schedule is listed: JAN 19 - WONDERFUL WETLANDS, FEB 16 - HOT DESERT, MAR 16 - CITY WILDLIFE, and APR 20 - GREAT LAKES. It also includes the text "VIA ZOOM REGISTER IN 4HONLINE". The bottom half of the poster is a circular illustration of a forest scene with a large tree, a deer, and two rabbits. In the bottom left corner, there is a logo for the "Virtual Learning Community" and the University of Wisconsin Extension logo.

## new family section >>>

Each month we hope to provide some helpful hints, definitions, and to-dos to assist new families in joining in on club and county activities. If you haven't been invited to a club meeting yet, please reach out to our office at [lacrossecounty4h@lacrossecounty.org](mailto:lacrossecounty4h@lacrossecounty.org).

### CAMP

Summer Camp has been a staple for many youth growing up and in 4-H we recognize the importance of this experience for the development of children. It gives a sense of autonomy and a taste of independence, in a very trusted, safe, and fun environment!

Wisconsin 4-H usually utilizes the facility at Upham Woods near Wisconsin Dells for summer camps, however, other counties might be different! Clubs might go camping together or do other overnight activities as well. So there are many opportunities for this crucial youth development.

In La Crosse County, we provide camp opportunities with other counties in Area 13. We do day camps and overnight camps that stay in cabins, and outpost camps that do more survival activities for older youth in tents.

### MEETINGS

Ask around to see who has done a county camping experience. What did they like about the experience? How would they do things differently? Do they have any suggestions for how to prepare?

Do YOU like camping? Sometimes clubs don't do things because no one steps up to lead the experience. If this is something you are good at, see if anyone wants to help in planning an experience for your club - or even better offer your skills to Emily at the county office to make our county camp trip spectacular!

### COUNTY

#### COMMUNICATIONS

You will start to see notices in the Cloverline about the request for Camp Counselors. These are youth in grades 7+ that will help provide additional support for camp staff, and the youth participating. Enrollment for the camp itself will start popping up soon!
